HIV & HCV Education Projects
s.staunton@uq.edu.au
07 3365 5026

Payment can be made by credit card, cheque or money order. Registration fees must be paid at the time of application. **NO Payment will be taken on the day**

By the end of this workshop it is hoped participants will be able to:

- Describe history & epidemiology of HIV in the countries where they are planning to work or travel
- List and recognise basic features of the natural history of HIV infection
- Describe the impact of HIV prevalence on development in a particular country
- Recall key stakeholders in HIV and strategies in prevention, diagnosis, management and treatment of HIV
- Protect themselves and others from HIV infection
- List avenues for further assistance once in-country and for continual professional

**CD Rom
Provided with all
Workshop
Materials**

Flyer for Introductory Workshop on HIV & International Work

Workshop Information

The Introductory Workshop on HIV & International Work has been developed in collaboration with ACFID, Albion St Centre, ASHM, AVI, Burnet Institute, Griffith University, MSF, MSIA, NAPWA, NCHECR, Oxfam Australia, Red Cross, SHAFPA, The University of Queensland School of Medicine and World Vision.

It presents snapshot coverage of contemporary issues in HIV and assumes no prior knowledge in this area. A key component of the day is the provision of resources and contacts to source further information.

The development of this workshop is in response to the number of participants attending education activities in HIV to up skill in this area prior to their departure for work overseas.

Specific Country Focus

This workshop has been designed to provide information specific to the countries in which participants will be working or have an interest. Opportunity is provided to meet others planning to work in the same country and individuals with expertise in HIV in that country.

Further Information

For further information, including full program, expected outcomes, organisation contacts, registration forms and pre workshop activities, please contact the HIV & HCV Education Projects, School of Medicine, The University of Queensland through
