

Bobby Goldsmith Foundation (BGF)

Created 17 May 2009 - 9:01am

The Bobby Goldsmith Foundation is Australia's oldest HIV charitable organisation.

Established by a dedicated group of Bobby Goldsmith's friends in 1984, the Bobby Goldsmith Foundation has helped thousands of men, women and children living with HIV.

Today, BGF's mission is to help people living with HIV by providing practical, emotional and financial support. The kind of ongoing, unconditional support that usually only friends and family would provide.
