

Chin Wag

Created 1 Jun 2005 - 4:15pm

These [Treataware](http://www.napwa.org.au/treataware) [1]-hosted HIV Treatments and HIV Living community forums, for positive people, their friends, family and carers, present HIV information in a comical 'chat show' format, hosted by community superstar Vanessa Wagner (Tobin Saunders), and Nurse Nancy (Kath Albury). A panel of local health care workers and service providers accompanies them.

If your organisation would like to co-host a 'Chin Wag' event please contact [Brent Beadle](http://www.napwa.org.au/people/brent-beadle) [2].
